

IMAGING1

getting married: • out of town • out of province • out of Canada

imaging1 will travel to accommodate your needs. If traveling by air, one of our photographers will travel with or meet you at your destination.

While you're there, would you like us to compose an engagement portfolio as well? Imagine stylized images on a beach, on a yacht, in a rainforest, or any other exotic locale. This is included with your portfolio and includes an 8x10 enlargement. Imaging1 will spend a few hours with you creating these distinctive images, be it sunrise or sunset.

As with all our wedding portfolios, each of the images for the 'final album' are digitally mastered for exposure, framing, composition, cosmetic toning, and quality to ensure the best representation of your day.

SEE OUR BLOG FOR THE LIMITED DESTINATION WEDDING OFFER
